To Whom It May Concern,

Columbus Regional Healthcare has had the opportunity to contract with HyBridge Solutions on a number of projects and in each case the quality of work has been outstanding. The knowledge level and communication skills of the HyBridge employees has been the best I have experienced from Lawson Consultants.

HyBridge has partnered with us to implement Lawson Applications 9.x, Lawson Absence Management which is going live the last week of April, 2010, and is working with Columbus Regional at this time on Manager Self Service Process Flow best practices. We expect to have close to twenty process flows within Manager Self Service by the end of August.

I would not hesitate to recommend HyBridge Solutions for any Lawson related project and plan to continue to use them in the future.

Please feel free to contact me at any time if you have questions regarding our experiences with HyBridge Solutions.

Sincerely,

Edward W. Summers
